in Jérémy Quevrin 🌐 J3vrin96

Profile

Full-stack developer with 3+ years of experience building scalable web applications in JavaScript and TypeScript, with strong expertise in Node.js backend development and modern front-end frameworks. Experienced in microservices-oriented architectures, REST API design, and CI/CD automation in Agile environments.

Technologies

Programming languages: JavaScript, TypeScript, SQL

Back-end: Node.js, Express.js, Nest.js

Front-end: Svelte, React, Next.js, Tailwind, Nuxt.js

Databases: PostgreSQL, MySQL, MongoDB

DevOps & Infrastructure: Docker, GitHub Actions (CI/CD), Vitest, CloudFlare, Google Cloud Platform

Experience

Full-stack developer

Decathlon Belgium

Evere, BE

Since Jan 2025

- Built and maintained expert brand websites (Kiprun, Van Rysel, Simond) using Next.js, Contentstack CMS, Vitest.
- Collaborated with cross-functional teams across multiple countries on international Decathlon projects.
- Developed a back-office application for internal collaborators using NestJS, Next.js and PostgreSQL.
- Integrated OAuth2 authentication through the internal identity provider.
- Led the migration of a C2C sales feature to a standalone SvelteKit application.
- Wrote unit tests with Jest and Vitest to ensure code reliability.
- Containerized applications with Docker and deployed via GitHub Actions CI/CD pipelines to GCP.

Front-end developer

Decathlon Belgium

Evere, BE

Feb 2023 - Jan 2025

- Contributed to Decathlon Belgium e-commerce website.
- Implemented back-for-front patterns using Node.js and Express.js.
- Integrated and maintained an internal CMS based on Strapi.
- Engaged in Agile ceremonies and held weekly Dev of the Week responsibilities.
- Built responsive UIs for Decathlon.be using Svelte.js, Tailwind CSS and the in-house design system.

Logistics Manager

Agri-Activ (Agrifirm Group)

Hamois, BE

Sep 2016 - Dec 2022

- Coordinated end-to-end logistics operations: transport planning, warehouse stock management, quality control, and team scheduling
- Managed daily operations using the Projection (Grainbow) ERP system and Microsoft 365 suite

Education

Web Developer - Professional certification (Bachelor level)

OpenClassrooms

2021 - 2022

Hobbies

- 🎵 Self-taught musician: electric and acoustic guitar
- ✂ Discovering new cities, cultures and scenic places

Languages

French: Native speaker
English: Level B2
